To Whom It May Concern

I am writing this letter in support of B&G Roofing.

B&G Roofing was secured to retrofit a roof in excess of 90,000 sq. ft. at our main office. Immediately following the award of the Tender, B&G Roofing provided an outline of the time frames in which the work would be completed, exactly on the date that the work was to commence, required documentation, such as WSIB Certificate, Proof of Insurance and MDS Sheets with respect to the materials to be utilized in the retrofit.

As noted, the work commenced on time and completed within the required time frame. Throughout the construction, B&G Roofing provided regular updates on the progress of the work being completed and to our pleasant surprise offered cost saving initiatives. The latter were by no means additional cost recommendations, but more so efficiencies as to ensure the project costs were either within or below allocated costs, while at the same time enhancing the longevity of our roof.

Furthermore, the interaction with our staff was, approachable, courteous and highly professional.

If the opportunity arose, I would not hesitate to utilize the services of B&G Roofing once again.

It is within this context, that, without hesitation that I offer this letter of support for B&G Roofing.

Sincerely,

Dominic Verticchio  
Executive Director
