Re: Letter of Reference - B&G Roofing

To Whom It May Concern:

Jocelyn Roof Consultants Group Inc. has had numerous successful working relationships with B&G Roofing. The projects have ranged from small repair and maintenance jobs to new construction and more complex complete roof replacements.

During these projects, we have had opportunity to inspect workmanship and to observe the general conduct of B &G employees. We have found their work to be of a high standard ,and employees to be competent and conscientious.

B & G Roofing have proven to be skilled and experienced in the application of most types of roofing systems currently being used.

I have no reservations in recommending B & G Roofing as a qualified and dependable roofing contractor.

Should you have further questions or require more information, please do not hesitate to contact me.

Sincerely,

Robert T Jocelyn B.Comm BSSO

Jocelyn Roof Consultants Group
